- AutoCAD, PRIMAVERA, ETAB, EPANET
- MS Office Suite (Word, Excel, PowerPoint)

Languages

- English – Fluent
- Arabic – Conversational
- Urdu – Native

Professional Experience

Site Engineer at AL-Shibel Contracting Co. (ASCO), KSA, 04/2023 – 01/2026

Projects: Construction of Administrative Building & Utility Facilities – SPARK, Saudi Arabia

- Conducted quality inspections of excavation, foundations, reinforced concrete (RCC), structural elements, masonry, and finishing works to ensure compliance with approved drawings and project specifications.
- Prepared and managed Work Inspection Requests (WIRs), Material Inspection Requests (MIRs), Inspection & Test Plans (ITPs), method statements, and quality documentation.
- Inspected incoming construction materials, verified material approvals, and coordinated laboratory testing in accordance with project requirements and applicable standards.
- Coordinated inspections with consultants, clients, and subcontractors, ensuring timely approvals and resolution of quality-related issues.
- Raised and monitored Non-Conformance Reports (NCRs), implemented corrective actions, and maintained quality records throughout the project lifecycle.
- Ensured compliance with ISO 9001, Saudi Building Code (SBC), ASTM, ACI, and project quality management procedures.

Site Engineer at NESPAK, Pakistan, 03/2021 – 02/2023

Project: Construction of Multi-Storey Office Building, Lahore, Pakistan

- Performed site inspections for foundations, RCC works, reinforcement, formwork, concrete placement, masonry, plastering, waterproofing, and architectural finishing activities.
- Verified construction activities against approved shop drawings, technical specifications, Inspection & Test Plans (ITPs), and client quality requirements.
- Prepared inspection reports-maintained QA/QC documentation and ensured effective document control throughout project execution.
- Conducted material inspections and coordinated laboratory testing to ensure compliance with approved material submittals and relevant international standards.
- Worked closely with site engineers, contractors, and consultants to resolve quality issues, close NCRs, and achieve timely inspection approvals.
- Supported project handover by preparing punch lists, snagging reports, and final quality documentation while ensuring compliance with project quality objectives.

Education

- Bachelor of Science: Civil Engineering, – Lead University Lahore, Pakistan, 2022
